## Summer School Program Planned

The following notification on the plans for the summer school has been issued by the Department of Public Instruction:

The department of public instruction of the Territory of Hawaii has arranged to conduct a summer school in the Territorial Normal School in Honolulu for the purpose of improving the members of its teaching force, and other eligible persons, who wish to take the examinations required for teachers' certificates. This school will also give such other instruction as will train for principalship.

The summer school is to be conducted for a period of six weeks during the months of July and August next. The present spring term closes June 23, and the summer school will begin July 5, continuing to August 12. The regular examinations offered yearly by the department will be held on Wednesday, Thursday and Friday, August 16, 17 and 18 respectively. This arrangement leaves a period of four weeks' vacation for the teachers in which they may rest and get settled in their assigned places before the beginning of the next school year which has been set for September 18, 1911.

"No tuition fee will be charged. All teachers who are in the employ of the department or who have been employed as teachers may be admitted.

Candidates must be eighteen years of age.

Candidates will be examined and certificates granted under the new rules of the department.

Those attending the summer school will be given credit for their class record in the final examination. "Last year the summer school was organized by the department of public instruction and supported financially by a number of our citizens throughout the Territory. These people recognized the need of improvement in our public school system and cooperated with the department in making the first step a success; 112 persons successfully passed the examination and were granted certificates. We believe that a progressive move on the part of the teachers had much to do with the legislature giving the public schools a liberal appropriation for teachers' salaries. The new school year will find these teachers being paid according to a very liberal schedule.

"The legislature also showed its confidence in the good work of summer schools by making an appropriation for a summer school for each year of this biennial period.

"This summer school will be very much along the lines of that of last year. Those teachers who completed a part of the work last year can finish the work this year.

Those expecting to attend should present their names to the department for registration as early as

possible. Regular attendance and thorough work are expected throughout the entire term.

"The appointment of uncertificated teachers at the June meeting of the commissioners is with the understanding that such teachers will secure their certificates before the opening of school next September.

"The department has a booklet, ready for distribution which contains extensive outlines of subjects that will be taught. These booklets will be useful to those attending the school as well as to those not attending who wish to look over the work somewhat before taking the teachers' examination. These can be obtained from the department on application."

## Another School Investigated

Continued from page 2.

"ter," said Mr. Pope last night. He added that the inspector had already been out twice and would probably go again.

I. M. Cox is principal of the school and has held the position for a year. He has ten teachers under him, and it is stated that nine of these have asked to be transferred. These are declared to be Mrs. E. J. Hall, Mrs. Mary Lee, Mrs. E. H. Coulter, Mrs. Mann, Misses B. Scheffler, Christine Gertz, Olive Horner and Elizabeth Heen, and also Robert Law.

Principal Pope stated yesterday that he had received a letter from Mrs. E. J. Hall, which in substance states that the children at the school are promoted indiscriminately and often when such promotion is not merited. The remark is also made by Mrs. Hall that she dreads hall duty on account of the insubordination of some of the children. They play at will in the lavatories, she declares, and they are given to the

use of insolent and foul language.

That little or no effort is made to trace absentees and that tardy children are allowed to go unpunished are other allegations made by Mrs. Hall. She states that she has nothing personal against Principal Cox, but she is unable to work in harmony with him.

Irregular promotion and lack of discipline are stated to be the causes why Mrs. Coulter, Miss Horner and Miss Heen wish to be transferred to other schools.
